### Professional Summary

Full Stack Developer with hands-on experience designing, developing, and deploying web applications using **React, JavaScript, TypeScript, Node.js, Express.js, Java, Spring Boot, MySQL, and PostgreSQL**. Experienced in building **RESTful APIs, responsive user interfaces, database integrations, authentication flows, and full-stack applications**. Skilled in **Git, GitHub, GitHub Actions, CI/CD, JWT authentication, and secure development practices**. Strong focus on creating scalable, responsive, and secure web solutions while continuously improving technical skills.

### Technical Skills

- **Programming Languages:** JavaScript, TypeScript, Java
- **Frontend:** React, Vue.js, HTML5, CSS3, Tailwind CSS
- **Backend:** Node.js, Express.js, Spring Boot
- **Databases:** MySQL, PostgreSQL
- **Tools:** Git, GitHub, GitHub Actions, Postman, Vite
- **Cloud & DevOps:** CI/CD
- **Security:** JWT, bcrypt, Authentication, OWASP Basics

### Projects

#### DevShop – Full Stack E-commerce Application

Full-stack e-commerce application developed with **React, Node.js, Express.js, and MySQL**.

Implemented **JWT authentication, shopping cart functionality, admin dashboard, image uploading, multi-language support, and responsive UI**.

Developed and integrated frontend and backend components and deployed the application using **GitHub Pages and Render**.

**Technologies:** React, Tailwind CSS, Axios, Node.js, Express.js, MySQL, JWT, Git, GitHub.

**Github:** [Frontend](#) | [Backend](#) **Demo:** [Live Demo](#)

#### Crazy Note – Full Stack Notes Application

Full-stack notes application that allows users to **create, update, and manage notes**, add emojis, and mark notes as favorites or completed. Developed a **React frontend** connected to a **Node.js and Express.js backend** with **PostgreSQL database integration and JWT authentication**.

**Technologies:** React, Tailwind CSS, Axios, Node.js, Express.js, PostgreSQL, JWT.

**Github:** [Frontend](#) | [Backend](#) **Demo:** [Live Demo](#)

## **Password Manager**

Web application developed with **React and Tailwind CSS** for managing usernames and passwords locally. Built a responsive user interface focused on providing a simple way to store and manage credentials within the application.

**Technologies:** React, Tailwind CSS.

**Github:** [Frontend](#) **Demo:** [Live Demo](#)

## **Professional Experience**

**Full Stack Web Developer** Lerma de Villada - FEB 2025 – AUGUST 2026

**Independent Developer | Full Stack Projects.**

Designed, developed and deployed RESTful web applications using **React, Node.js and MySQL**.

Built responsive and accessible interfaces with **Tailwind CSS**.

Developed backend **APIs, database integrations and authentication flows**.

Managed deployments, Git-based workflows and CI/CD pipelines using **GitHub Actions**.

Applied **secure development and cybersecurity best practices**.

**Customer Service Specialist**, Afore XXI Banorte SA de CV, San Mateo Atenco NOV 2024 - FEB 2025

I worked as part of a team to achieve the company's goals.

I efficiently resolved problems.

**Customer Service Specialist**, Seguros Inbursa SA de CV, Toluca MAY 2024 - JUL 2024

Assisted customers with company services.

Managed communications and coordinated tasks to meet deadlines.
